Speaking Menu

- ❖ The Case for Moderation
- ❖ Managing Change in a Changing World
- ❖ Maximizing your Virtual Teams
- ❖ Networking Doesn't Have to Feel Gross
- ❖ Résumé

The Case for Moderation

- ❖ An exploration of “moderation” as an overarching personal philosophy (influenced by history and science) that seeks to elevate the role of moderation in modern political discourse.
- ❖ In this presentation, I will:
 - ❖ Establish a scientific and historical context for moderation
 - ❖ Theorize on the modern decline of moderation
 - ❖ Offer The Four-Part solution to help foster personal and political moderation
- ❖ 30 minute presentation – Q&A Encouraged

Managing Change in a Changing World

- ❖ The first model of Change Management was published in the 1980s when it took 7 years for information to double
 - ❖ Now, it takes less than 11 months for information to double
- ❖ “Change” is occurring at a faster and faster rate in our personal lives and public lives
- ❖ I present some major change-challenges facing our society and give tools to the audience to manage the change and become more change resilient
- ❖ 30 minute talk – Q&A encouraged
 - ❖ Available to workshop in Change Management

Maximizing Your Virtual Team

- ❖ Virtual and Geographically Dispersed teams are more prevalent than ever and likely to grow.
- ❖ Programs and Project Teams have increasing demands in the workplace and at home.
- ❖ In this presentation I offer a 4 key areas that Project and Portfolio Managers should focus on with specific tips on how to leverage technology and management best practices to maximize their team effectiveness
- ❖ 30 minutes with Q&A encouraged
 - ❖ Workshops and Seminars are also available

Networking Doesn't Have to Feel Gross

- ❖ 80% of jobs are secured through relationships
 - ❖ Even today
- ❖ **Physical*** Networking is a large part of building relationships
 - ❖ But it just feels gross and inauthentic
- ❖ I offer real solutions to overcome anxieties and network more confidently
- ❖ 20 minute presentation - Q&A Encouraged

*Not **social**... although social networking is still important
